

The TECTA Career Lattice

TECTA believes professional development through higher education should be an essential component of your career growth. Just like your other goals, we encourage you to develop a personalized education pathway based on your career plans, while also keeping your life in perspective.

The TECTA Career Lattice is our planning guide to help you create your personalized education pathway. Unlike a career “ladder” that describes a specific path for career advancement, a lattice represents flexible pathways for education and development in multiple directions and areas, representing the many different types of jobs available as you move vertically, horizontally, and laterally through a career in early childhood.

Contact your local TECTA office for more information about how to get started. TECTA staff are available to discuss the training, education, and professional development opportunities that will help you accomplish your career goals.
